Dear participant,

MOME is an App that collects information about city users while moving in urban open spaces. With it, we want to asses users´ perception of urban open spaces for empirical comparison. Therefore, data about your navigation and ratings of open spaces are going to be recorded. In addition, we would like to use the pictures made be you during the activity.
Your statements of the following surveys will be evaluated as well.

All your data is completely confidential and will not be shared with third parties. Should you have any questions at any point, you can ask the team. If you wish to cancel the activity at any given time, without giving any reason, please just let the team know.

I was informed, that the I can <u>cancel at anytime the aforementioned activity without giving reasons,</u> and I am willing to participate voluntarily.
